

Carmichael Campus Car Loop Procedures

For the safety of our students, please adhere to the following car loop procedures:

- During loop times (8:00 a.m. to 8:30 a.m./2:55 p.m. to 3:30 p.m.) the driveway by Central Admin parking area is to be used as an exit only.
- During loop times, cars exiting should make a right turn only.
- Never drive along the side of cars in the parking lot. Instead, get into the car loop line and proceed in the line.
- Students in grades 4 through 8 who do not need assistance exiting the vehicle are encouraged to use the 700 Wing loop. This loop is accessed via the La Sierra Driveway and is right by the Club M Room.
- Please be mindful that our parent volunteer valets, as well as our staff who are manning loop, need to give their full attention to assisting students; therefore prolonged conversations are not appropriate during car loop times.
- Even if the cones and signs are not out, the expectation is that our Carmichael Community follows the above rules.

Thank you for your cooperation!
