## 2007•08 School Accountability Report Card

Published During the 2008-09 School Year

### Executive Director's Message

California Montessori Project (CMP) is a public charter school network (K-8) serving approximately 1400 students in the greater Sacramento area. Previously sponsored by Wheatland School District from 2001 through 2006, CMP currently operates under four charters, authorized by Buckeye Union, Elk Grove Unified, Sacramento City Unified and San Juan Unified School Districts. Our campuses are located in Shingle Springs, Elk Grove, mid-town Sacramento, Fair Oaks, and Carmichael.

The Montessori philosophy states that a child has an innate desire to learn and produce purposeful, meaningful work. Dr. Maria Montessori believed that the role of an adult in a child's education is to provide an appropriate environment, complete with tools and methods, to facilitate the child's own discovery of knowledge and skills at the time when it has the most impact for him/her as an individual. This system has a foundation in trust and respect of the individual, and a belief that children will soar beyond traditional expectations.

California Montessori Project offers an environment which has the tools, programs, resources, and support to enable students to become educated to high international academic standards, and to develop themselves to their fullest capacity as competent, happy, productive individuals, family members, workers, and contributors to a better society and a peaceful world. This is achieved through a strong commitment from the community, parents, teachers, community groups, the legislature and, most importantly, the individual child. CMP is grounded in a philosophy of trust in individuals to seek their greatest potentials.

CMP holds that an educated person is well-rounded and balanced. The CMP student shall become a collaborative member of a community, motivated to set and achieve high goals. CMP encourages students to demonstrate empathy towards others through respectful and productive communications. The student is guided to view him/herself as a global citizen who is empowered, and responsible, for making positive changes in the world and within the immediate environment. The CMP student develops personal habits leading to a healthy lifestyle which include balancing leisure, work, family, and community.

While recognizing that the traditional system meets the needs of many, CMP offers an option where students work in multi-age classrooms, with individual learning plans of instruction and materials which are progressive, and frequently self-correcting.

### Principals' Message

The California Montessori Project San Juan is a Montessori public charter school offering kindergarten through eighth grade education under a charter authorized by the San Juan Unified School District. CMP San Juan consists of two campuses: the American River Campus (Fair Oaks) and the Carmichael Campus. We are accredited by the Montessori School Accreditation Commission (MSAC) and the Western Association of Schools and Colleges (WASC). Our program quality is sustained by supporting our California-credentialed and Montessori-trained faculty with continued professional development and quality Montessori materials in low student/teacher ratio classrooms.

We encourage our students to be independent learners and problem solvers. Our students utilize individualized work plans to allow them to work at their own level and pace. Cooperation and positive peer relationships are supported through daily Class Meetings. Respect is strongly emphasized, and is reinforced on a daily basis: respect for self, respect for others, and respect of our environment.

***"We must help the child to act for himself, will for himself, think for himself; this is the art of those who aspire to serve the spirit."  
-Maria Montessori***

### California Montessori Project's Mission

The mission of the California Montessori Project is to offer a quality, tuition-free Montessori education to every child in the state of California.

*“The child is truly a miraculous being, and this should be felt deeply by the educator.”*  
 -Maria Montessori

*In accordance with the Charter School Act in 1992, California Montessori Project seeks to provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.*

### Parental Involvement

Parents play an active role in the California Montessori Project. Many parents exceed the required 40 hours of participation time, as they assist in the classrooms, chaperone students on field trips, volunteer in the office and organize special school events and fundraisers. Parents are also involved in many leadership roles, including service on the Technology Committee, Parent Advisory Council, Facilities Committee, and CMP Governing Board.

For more information on how to become involved, contact Gary Bowman, Executive Director, at (916) 971-2432, or Deanna Gardner (American River Campus) at (916) 864-0081, or Kim Aldridge (Carmichael Campus) at (916) 971-2430.

### Enrollment and Demographics

The total enrollment was 626 students for the 2007-08 school year.

### School Facilities

The American River Campus is housed at the Littlejohn Campus, and leased through the San Juan Unified School District (SJUSD), during the 2007-08 school year. This facility features a library, multi-use room, and extensive school playground. SJUSD maintenance and custodial staff maintain the campus and provide janitorial service. The American River Campus was constructed in 1957. American River maintains the classroom and grounds.

The Carmichael Campus is located in a business/residential area in a leased facility which was previously a medical building. Constructed in 1984, the school has modified and beautified the space to accommodate 255 students with 10 classrooms, a library, resource rooms, administrative offices and staff/work rooms. All classrooms are unique with many windows providing natural lighting, and bathrooms are available in the rooms, as well as in a central courtyard area. The facility is a closed campus with locked gates providing a safe environment for the children. The playground consists of asphalt, grass and play structure areas, with a small student garden and "peace garden" area. The campus is cleaned and maintained by a nightly janitorial service and maintenance staff. Landscaping is maintained by a weekly gardening service.

### Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Sylvan Oaks Public Library at 6700 Auburn Citrus Heights. Carmichael Public Library at 5605 Marconi Avenue in Carmichael.

### Textbooks and Instructional Materials

Montessori curriculum and materials used at the CMP American River-Carmichael Campus are aligned with the California State Standards. The school uses State-adopted texts and materials to complement the Montessori materials.

Textbooks and Instructional Materials List	
Subject	Textbook
English-Language Arts	Primary Phonics, Modern Curriculum Press, Open Court, Houghton Mifflin
Mathematics	Harcourt Brace Math
Mathematics	McDougal Littell: <i>Algebra I Concepts and Skills, Algebra 1, Geometry, Middle School Math</i>
Science	Prentice Hall: <i>Science Explorer</i>
History-Social Science	Houghton Mifflin: <i>From Sea to Shining Sea, This Is My Country, Oh California, America Will Be</i>
History-Social Science	Teacher's Curriculum Institute: <i>History Alive!</i>

*“The first aim of the prepared environment is, as far as it is possible, to render the growing child independent of the adult.”*  
-Maria Montessori

*“As soon as children find something that interests them they lose their instability and learn to concentrate.”*  
-Maria Montessori

### School Safety

California Montessori Project has a School Safety Plan and Emergency Preparedness Handbook that are reviewed every year with staff and teachers at CMP San Juan (American River Campus and Carmichael Campus).

The CMP schoolwide Safety Plan was submitted and approved as part of the 2006 Charter Petition in April 2006. Key elements of the plan include monthly drills and crisis intervention plans.

This plan is reviewed annually and was most recently reviewed, updated, and discussed with school faculty in January 2008 at the American River Campus, and in January 2008 at the Carmichael Campus.

### California Standards Tests

For the 2008 STAR exam, students in grades 2-8 took an English-language arts and mathematics test. Students in grades 4 and 7 also participated in an essay writing test. History-social science tests were given to students in grade 8, and students in grades 5 and 8 took a science test.

Because tests are meant to measure how well students achieve standards rather than how well they do compared to other students, the results are reported as performance levels. The five performance levels are:

- **Advanced** (*exceeds State Standards*)
- **Proficient** (*meets Standards*)
- **Basic**
- **Below basic**
- **Far below basic**

Students scoring at the Proficient or Advanced level meet State Standards in that content area.

The tables show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, science, and history-social science. For a complete report on all groups and their scores by grade level, please visit <http://star.cde.ca.gov/>.

*“The greatest sign of success for a teacher ... is to be able to say, “The children are now working as if I did not exist.”*  
-Maria Montessori

### California Standards Tests Results

The multiple-choice California Standards Tests (CST) are part of the Standardized Testing and Reporting (STAR) and are administered only to students in California public schools. These tests determine students’ achievement of the California Academic Content Standards and provide feedback on their success given what they are expected to know in each grade level and subject.

### Adequate Yearly Progress

No Child Left Behind (NCLB) requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. To meet these standards, California public schools and districts must meet or exceed criteria in four target areas:

1. Participation rate on statewide assessments
2. Percent of students scoring proficient on statewide assessments
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school made AYP overall and met each of the AYP criteria for 2007-08. For a detailed report on AYP, please visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

- Data are reported only for numerically significant groups.

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. The API is a score on a scale of 200 to 1,000, with 800 set as the statewide target. Schools are ranked in ten categories of equal size from 1 (lowest) to 10 (highest). A similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." The tables show the school's three year data for API rank and API growth. For more detailed information, please visit [www.cde.ca.gov/ta/ac/ap/](http://www.cde.ca.gov/ta/ac/ap/).

**Testing Note:** Assessment data are reported only for numerically significant groups. Data may not appear if ethnic/racial, socio-economically disadvantaged, or other groups: (1) contain less than 100 students with valid test scores, OR (2) comprise less than 15% of the school population tested and contain less than 50 students with valid scores.

*“Free the child’s potential, and you will transform her into the world.”  
-Maria Montessori*

### School Support Staff

The following is a list of the support staff at the school and their full-time equivalent (FTE):

- Classroom paraprofessionals 8.50
- Academic Counselors 0.00
- Library Media Services Staff (paraprofessional) 0.50
- Library Media Teacher (Librarian) 0.00
- Nurse 0.00
- Occupational Therapist 0.32
- Psychologist 0.40
- Resource Paraprofessionals 1.00
- Resource Specialist (non-teaching) 1.20
- Special Education Administrator 0.16
- Speech/Language/Hearing Specialist 0.80
- Social Worker 0.00
- Other 0.00

### Professional Development

CMP has five days each year dedicated to staff and professional development involving special education, Montessori curriculum development, academic planning and other pertinent topics. In addition, staff members are encouraged to seek additional professional development opportunities and are offered incentives for doing so.

### Teacher Qualifications

The table shows information about teacher credentials and teacher qualifications. More information can be found by visiting <http://data1.cde.ca.gov/dataquest/>.

### No Child Left Behind Compliant Teachers

No Child Left Behind (NCLB) requires that all teachers of core academic subject areas be “highly qualified.” In general, for a teacher to be considered highly qualified, they must have a bachelor’s degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2007-08 school year. For more information on teacher qualifications related to NCLB, please visit [www.cde.ca.gov/nclb/sr/tq](http://www.cde.ca.gov/nclb/sr/tq).

### Federal Intervention Program

Schools that receive Title I funding can enter Program Improvement (PI) if they don't reach AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). With each additional year that they don't meet AYP, they advance to the next level of intervention. The table displays the 2008-09 Program Improvement status for the school and district. For more information, please visit [www.cde.ca.gov/ta/ac/ay](http://www.cde.ca.gov/ta/ac/ay).

### Types of Services Funded

California Montessori Project does not receive any Federal or categorical funds. The programs and supplemental services provided are Class Size Reduction (CSR) and Special Education.

*“We especially need imagination in science. It is not all mathematics, nor all logic, but it is somewhat beauty and poetry.”*  
-Maria Montessori

### California Physical Fitness Test

Each spring, all students in grades 5 and 7 are required to participate in the California Physical Fitness Test (PFT). The test measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Abdominal Strength
4. Trunk Extension Strength
5. Upper Body Strength
6. Flexibility

To meet fitness standards, students must score in the Healthy Fitness Zone (HFZ) on all six fitness tests. For 2007-08, 43.5% of students in the 5th grade and 14.3% of students in the 7th grade scored in the HFZ. For more information on the California PFT, please visit [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).
